

**Think Tank 2022 Public Lecture Series on Present Situation and Peace-building in Myanmar**

On 9 March 2022, Think Tank 2022 Asia-Pacific Secretariat organized a Public Lecture Series on "Present Situation and Peace-building in Myanmar". The program was joined by Mr. Kavi Chongkittavorn, Regional Affairs Columnist for the Bangkok Post, and moderated by Dr. Chheang Vannarith, President of AVI.

The lecture highlighted four main points: the current situation and prevailing trends in Myanmar, the ASEAN role in resolving the conflict in Myanmar, reactions from neighbouring countries, and the significance of Cambodia's ASEAN chairmanship.

**Cambodia's path towards decarbonization by 2050**

This report was developed through a synthesis of existing research and knowledge in Cambodia to build the economic and technical case for decarbonization. Seven country teams, including Cambodia, have been established across the Association of Southeast Asian Nations (ASEAN) to lead similar work. This report investigates the feasibility of net-zero by 2050 and the potential for more ambitious country commitments at Conference of the Parties (COP) 26.
